COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Assessors were in session Monday evening to start work on the books for 1967. Anyone who has not presented a list of their property should still do so.

Applications for electrical inspections are now available either at the Manager's Office or from the Electrical Inspector, Frederick McMillin. Anyone who plans any electrical work should have one of these applications.

Building Permits must be obtained if a person intends to construct, alter or remove a building anywhere in town. There is some misunderstanding on this, some feel as they live outside the Village the building code does not apply. This is not true as the Zoning Ordinance includes the entire town. A person violating the Ordinance is subject to a \$50.00 fine for each violation. Each day the violation occurs shall constitute a separate offense, beginning with the day following notification by the Building Inspector of the violation.

The Manager was notified this week the Governor had signed the bill authorizing the town to form a Water District. A town meeting must be held to see if the voters wish to form such a District.

NEWLY ASSESSORS COMPLETE VALUATION: SET TAX RATE AT .085

The Assessors have completed the 1967 valuation and have set the tax rate at .085, on a total valuation of \$332,670., with an assessment ratio of 35%. The 1967 rate is down eight mills from last year's rate of .094. Of the \$332,670, values \$266,210, is non-resident and \$66,460, resident. Real estate valuation is \$319,450., and personal property is valued at \$13,220. It is anticipated that the taxes will be committed to the collector in late April or early May. A 2% discount will be allowed on all taxes paid within 30 days. Interest at 6% will be charged on taxes not paid before December 31.

The five highest taxpayers with their valuations are: International Paper Company, \$78,400.; Bethel Water Company, \$19,630.; P. H. Chadbourne Co., \$18,740.; Allan Carlisle, \$15,370.; and Sunday River Skiway, \$15,260.

Roy W. Bennett has been named chairman of the annual clean up drive, May 1 to 6 has been designated as clean up week.

The Selectmen have announced the following appointments: Mrs. Ida M. Powers, Registrar of Voters; Henry Robertson, Sealer of Weights and Measures.

MAINE-N. H. SCHOOL OF SAVINGS BANKING TO BE HELD IN BETHEL APRIL 17-20

Through the mutual efforts of the Bethel Area Development Corporation and Gould Academy, the Maine-New Hampshire School of Savings Banking will hold its 1967 session in Bethel on April 17-20. The facilities of the Academy and the Thunderbird Motel will be used for classes and lodging.

The school comes to Bethel after holding its sessions for the past several years at the University of New Hampshire. Future plans call for alternating of the sessions between the two educational institutions in future years.

Students of the school are junior executives of Savings Banks in Maine, New Hampshire and Vermont and they represent 29 banks in the tri-state. The faculty and staff are selected from the National Association of Mutual Savings Banks of New York City and from savings, commercial and investment banks in New England. The program is under the supervision of Frances E. Robinson, Executive Vice-President of the New Hampshire Association of Savings Banks and Charles G. Carswell, Executive Manager of the Savings Bank Association of Maine. Trustees of the Bethel Savings Bank will host a reception for the staff, faculty and students on Monday evening, April 17.

SCHOOL DIRECTORS TO MEET AT NEWRY MONDAY

Maine School Administrative District 44 Directors will hold a regular meeting at the Raymond C. Foster School in Newry on Monday, April 17, at 7:30 p. m.

Included on the meeting's agenda will be a discussion and action on an informal name for SAD 44; and action on a request for 30% Federal Aid for a sewerage disposal plant.

According to the advance notice of the meeting, the dates May 1-5 are available for a conservation program. This date is recommended by the teachers.

Also to be presented to the Directors will be a letter from the SAD 44 Faculty Club relative to publication of the salaries of teachers in newspapers.

Directors will apparently, according to advance information, be asked to decide whether board members will be permitted to serve as substitute teachers or as substitute school lunch workers in emergencies.

A letter has been received by the Glidons stating that according to a ruling by Maine's new Attorney General, Treatments may be distributed in schools. A review of a previous decision by the Board is requested.

Sub-Committee of the Board of Directors will meet at 7 o'clock.

ERRORS IN ARITHMETIC FOUND ON MANY INCOME TAX RETURNS

Mistakes in arithmetic are showing up more frequently than any other type of taxpayer error on 1966 federal income tax returns.

Whitney L. Wheeler, District Director for Maine, says that of the 3,128,690 returns filed so far this year by Maine taxpayers and those in the six other states in the IRS North-Atlantic Region, a total of 49,324 contained errors in addition or subtraction.

Mr. Wheeler said these errors can delay the issuing of refunds when tax returns are checked for mathematical accuracy by computers at the IRS Service Center in Andover, Mass. When an error is discovered in arithmetic that changes the tax liability, the correction is made and a notice explaining the change is sent to the taxpayer.

Maine taxpayers should double check their arithmetic before sending in their tax returns, Mr. Wheeler said. "Errors are expensive to process and cause delay and inconvenience for taxpayers," he said.

One of the major reasons for delay in issuing refunds is the failure of taxpayers to include their correct Social Security number on the tax return.

As of last week, Mr. Wheeler reported, 21,523 refunds had been delayed in Maine and the other six states of the North-Atlantic Region, because of incorrect or missing Social Security numbers.

Mr. Wheeler reported that to date other refunds are being held up because of a variety of other errors or failures to comply with instructions mailed to each taxpayer with his tax forms.

Tax returns filed up to last

week included 14,117 without the signatures of husband or wife or both. These will have to be sent back to the taxpayers before refunds can be processed.

Returns filed without the required W-2 from employers or other missing schedules which are causing delays in sending refunds to the total 14,633 and returns where taxpayers have used the wrong tax table total 19,738.

As of last week, Mr. Wheeler said, the IRS Service Center in Andover, Mass. had processed 12,465 refunds of Maine taxpayers for a total of \$19,427,934.94.

29 SECONDS WITH THE NAZARENE IN EVERY LIFE

There's a pause that is better than onward rush,
Better than howling or mightiest doing;
'Tis the standing still at sovereign will.
There's a hush that is better than ardent speech,
Better than sighing, or wilderness crying;
'Tis the being still at sovereign will.
The pause and the hush sing a double song
In unison low, and for all time long.

Mrs. Lincoln Expresses Views On County Budget

I would like to get the record straight on the Oxford County Budget. First of all, there are 3 Republicans and 4 Democrats on the County Legislative Committee. I certainly don't call this Republican dominated because we have just one more person. If the budget this year is a "scheme" to get at the Democratic County Commissioners why is it that a Republican dominated group has Sheriff Horton voted to give them a larger budget than the Democratic controlled group of two years ago?

Sheriff Horton speaks of political infighting being led by Sen. Ferguson and myself. I was not aware of any fighting at any of our Budget meetings. The 8 of us have never come to our meetings and down and thoroughly discussed the items in the Budget. I'd like to say at this time that the sheriff's budget figure was raised after much discussion by a member of his own party who knew the workings of that department better than the rest of us and we went along mainly on his say-so.

Again Sheriff Horton is wrong. He said 7 members voted on the budget. Since he wasn't there how does he know so much about it? There were 8 members who voted on the budget. There were two Democrats who did not vote for the \$20,000 figure for the Dept. of Prob. and who voted for all other items in the Budget. There were several compromises by all concerned. This is the democratic way of doing things.

The budget was never rammed through without the commissioners knowing about it. I personally sent each commissioner a copy of the Budget. I never heard a word from any of them.

Dr. Brower's slides show habitat as well as closeups of unusual forms of plant and animal life.

U. S. VISITORS TO EXPO '67 SHOULD CHECK AUTO INSURANCE BEFORE LEAVING

Area residents planning to visiting Expo '67 in Montreal, Quebec, are advised to check their automobile insurance before leaving home.

A spokesman for The Travelers Insurance Companies said that financial responsibility requirements differ in the various Canadian provinces and non-residents must show proof of responsibility if involved in an accident. He warned that without such proof the motorist would risk having his auto impounded. This could cause considerable hardship on the visitor should he be forced to spend extra time in the Montreal area where accommodations will be scarce during the Exposition.

Travelers agents have offered to supply each of their policyholders with a Canadian Non-Resident Insurance Card that will be accepted as evidence of financial responsibility by police authorities anywhere in Canada.

COFFEE HOUSE SUCCESSFUL Plans for enlargement are underway for the Coffee House, which has been highly successful in carrying out its plans. Although crowded, there is still room for many more people, since beginning this Saturday, the Coffee House will be open from 1:30 to 4:30. Expansion into the dining room of the church building will take place this week also, with shuffleboard, ping pong, and dancing being introduced as additions to the list of recreational activities.

Anyone with ideas for betterment or expansion of the Coffee House program is urged to use the suggestion box. Any changes in the program are based on these suggestions.

Plans for the future include live entertainment (folk-singing and rock and roll), and possibly a move to a larger, more convenient building. It is hoped that speakers with topics of interest will occasionally be featured. Any ideas for programs are welcome through the suggestion box. Since chess has become a popular pastime at the Coffee Shop, it is possible that tournaments may be arranged in the future. The regular attenders of the Coffee House wish to extend an invitation to any area high school students to drop in this Saturday.

WOMEN'S JOB CORPS HAS SEVERAL GRADUATES FROM MAINE IN GOOD POSITIONS

The Job Corps for Women has several graduates from Maine who have found excellent employment in the vocations for which they have trained. On April 4, a young woman from Gorham was graduated from the Cleveland Job Corps Center as a psychiatric aide. The records of the WICS (Women in Community Service) Office at 92 Oak Street in Portland which is the screening agency for the Women's Job Corps, show a list of girls from diverse areas in varied fields: from North Berwick, a veterinarian's assistant working at a veterinary hospital in Massachusetts; from Peter Dana Point, a graduate of retail sales placed in Brookline, Massachusetts; from Madawaska working for Xerox in Rochester, New York; a Portland trainee in clerical procedures, now working for one of the largest insurance companies in Maine.

The opportunities are open to young women between the ages 16 and 21. The program is aimed at those girls who are out of school and find it difficult, because of lack of education and vocational training to find employment.

There are centers in Jersey City, N. J., and Drum, Penn., which, with Poland Spring, offer a variety of training programs for young women in the Northeast.

To apply to the Job Corps, a postcard to WICS, 92 Oak St. Portland, or a visit to the local Maine Employment Security Commission office could make possible a more meaningful and productive life for many more young women in Maine.

BETHEL LIBRARY

Next week will be National Book Week.

New books at the Library: "My Lord of Canterbury," by Godfrey Torton. A fascinating biographical novel about Henry VIII's indestructible Archbishop, Thomas Cromwell.

"That Quail, Robert," by Margaret Stanger. "This should rank among the great nature tales of all time."—George Abbe in the Boston Sunday Globe.

"Torquemada," by Howard Fast. A searing incandescent novel that lays bare the soul of the Spanish Inquisition and its tormented leader who believed himself to be an instrument of God.

Young People:

"Hong Kong," by Elvajan Hall. The author draws a vivid picture of Hong Kong, including the parts of it that the tourist rarely sees.

"Fullback from Nowhere," by Dick Friedlich. A fast-paced football story by a veteran sports writer makes every game an engrossing struggle.

Junior:

"Beautiful Joe," by Marshall Saunders. A dog's own story.

SUNDAY RIVER

Mrs. R. M. Fleet, Corres. — Miss Mary Mott to back as far as Indians with relatives for today (Sunday).

Calenday and Sunday were just about equal with wind and oil, for late living and a couple went up to high for home made corn.

The phone birds were also here last week but did not see them until too late for news, and a flock of cow birds are here.

There was no Sunday school campy of the children and some of the older ones are having hair cuts or just getting over it. See you all in two weeks we hope.

The Bethel Fire Department was called about 9 p. m. for a kitchen chimney fire at the home of Mrs. Mary Mott. The boys had it under control when they arrived but they cleaned out the chimney and inspected it good before leaving, and all hands wish to thank them very much.

Roy J. Linnig

Christian Science Lecturer
LECTURE AT BERLIN, N. H.
ON APRIL 23

Why the battle for enduring peace in the world must be won individually will be discussed in a public Christian Science lecture coming to Berlin, New Hampshire, Sunday, April 23. Roy J. Linnig, C. S., of Chicago, Illinois, will speak at 3:30 p. m. in Berlin City Hall Auditorium, Main Street under the auspices of First Church of Christ, Scientist, Berlin, N. H. The lecture, called "Peace is Individual," is open to the community.

Mr. Linnig was an executive with a national food supply company until a few years ago, when he resigned to devote all his time to the public ministry of Christian Science healing.

He is currently on tour as a member of the Board of Lecturership of The First Church of Christ, Scientist, in Boston, Massachusetts.

Kenneth W. Hutchins, M. V. Secretary of the Northern New England Conference.

In the evening at Frye Hall at 7:30 a Talent Program is scheduled.

Services will be held in the South Woodstock Church as usual for those not attending the Rally.

Do we really want peace?

We talk about it, plan for it, and hope it will come into our lives.

But, are we willing to work for peace in our own hearts — where real peace must be won?

Christian Science teaches that a healing, satisfying peace can be found if we are willing to find for ourselves the spiritual peace that comes from God.

Hear a public lecture called "Peace is Individual" by ROY J. LINNIG, C.S., an experienced Christian Science practitioner.

Admission is free, everyone is welcome.

SING ALONG!

Are you a high soprano or is alto more your pace— Perhaps your voice is tenor or a deep and ringing bass. Do you often have a keen desire To lift your voice in song And wish there was a chorus To which you could belong? Well, my friends the time draws near To make that dream come true By joining other singing "buffs" In songs both old and new. Crescent Park School is the meeting place.

April twenty-second is the date. Oh yes, the time is eight o'clock. And please, please, don't be late! So, mark the time, the date, the place.

And now you will be there To blend your voice with others As music fills the air.

tached to the various air squadrons. These planes are flying round-the-clock air strikes over enemy targets in support of U. S. and allied forces.

As their primary targets, pilots are attacking the railroads, bridges, troop concentration areas, and supply routes which are so vital to the enemy's war effort.

The Enterprise is homeported in Alameda, Calif.
